RESPONSE

Sir:

These remarks are a follow-up to the response to the Office action mailed December 30, 2009. The Applicant filed a response to this Office action on April 30, 2010 and the Applicant's attorney has not received an Examiner's communication from the Patent Office since that date. The final deadline to respond to a communication from the Examiner, in order to obtain an Allowance of this application is today, June 30, 2010.

Accordingly, the applicant would like to hereby complain about the treatment of the subject application. It is believed that the application should have proceeded in a much more expedient and cost effective manner. Such protracted proceedings have done nothing more than make the application too cost-prohibitive to proceed.

Respectfully submitted,

PEARNE & GORDON LLP
